for a
STRONG
Ontarians with
Disabilities Act

1.9 million Ontarians are counting on you

We need a strong new law to tear down the barriers that keep 1.9 million people with disabilities from participating in every aspect of life.

The current law is weak and lacks the muscle it needs. The Liberals and NDP promise to strengthen it. The PCs don't.

What you can do:

- *Ask your candidates where they stand on making Ontario barrier-free*
- *Find out what promises each party has made (visit our Web site)*
- *Vote on October 2*
